THE CUMBERLAND NURSERIES

E. B. DRAKE, PROP.

WINCHESTER, TENN.

Jan. 12, 1923

HAGERSTOWN COMBINATION CARLOTS

For several seasons now we have been making up through package cars each spring and fall from Winchester, to break bulk at Hagerstown, Md., and containing orders to be reshipped to customers in that part of the country. Indications now are that we will have another car this spring. Reservations for a berth in this car should be made at once. Our prices ordinarily are f.o.b. Winchester, Tenn., but for the accommodation of our customers we are making the price f.o.b. Hagerstown, Md. This means not only a saving in freight charges but a protection to the trees in transit and this is a service which should especially commend itself to our customers in

MARYLAND, WEST VIRGINIA, PENNSYLVANIA AND NEW JERSEY

We call your attention to the following surplus trees which are now being wintered out of doors and which are in prime condition. In a letter received a few days ago from an old customer in Pennsylvania he says:

"I am in the market for six or eight hundred two year apple and would prefer trees freshly dug in your section in spring as I am full convinced that northern trees, dug in the fall and stored through the winter, are always more or less injured and very frequently completely ruined."

	APPLE		TWO YEAR		ONE YEAR

RED STAR PEACH TREES

We have grown here at Winchester more than 750,000 peach trees the last year, this is all that we have left. They are fine trees, they are standing out in the open fields taking the weather as it comes and are in prime condition. The buds were cut from bearing orchards and we believe that every one of these peach trees is true to name. They are just as they are mentioned in the enclosed voluntary testimonials in regard to our peach trees, they are making good in hundreds of the largest orchards in the south, they are trees that you can pin your faith to.

	4-6ft 25c	3½-5ft 20c	3-4ft 15c	2-3ft 12½c	1-2ft 10c

TESTIMONIALS

U N S O L I C I T E D

GEORGIA 1922

Cumberland Nurseries,
Winchester. Tenn.

Gentlemen:-

As soon as I wind up the present peach crop will send you an order for the trees that I want to plant this winter. The trees that I purchased from you five years ago are proving to be so very satisfactory that none other than RED STAR trees can interest me now. I had almost become disgusted with the orchard business, twice before I put out your trees I had to pull the entire orchard because of mixtures and inferior stock purchased from other nurseries.

Wishing you much success, beg to remain

Yours very truly
(Signed) W E Marshall

GEORGIA 1922

Gentlemen:-

I am giving to your Mr-----to-day an order for 4000 peach trees; I have 8000 of your trees in their third year from which I am gathering almost a crate per tree. I put out trees from other nurseries at the same time and your trees are much better. I hope to be able to increase my order to 10,000 trees and hope to get as good trees as I did from the first order. I take pleasure in recommending your trees to any one who wants good trees.

Yours very truly
(Signed) W R Whatley

GEORGIA 1922

Gentlemen:-

I am writing you in regard to the peach trees I purchased from you. These trees were bought about five years ago. They were true to name, healthy, perfect trees. They grew very fast after being set out, and at the present time are bearing highly satisfactory crops. I have recently placed an order for more trees with you, as I expect to see another orchard. I do not think your nursery stock can be beat, and I am well pleased both with the trees and the treatment you have given me.

Yours very truly
(Signed) E E Payne
